

PRODUCT TECHNICAL DATA SHEET

SW961 HOIL Penetrating Oil & Rust Preventative

DESCRIPTION: Hoil Penetrating Oil is the ideal way to loosen frozen nuts, bolts, shafts, screws, pipes, motors and machine parts. It has sufficient body to lubricate the surfaces to be disengaged while preventing damage to the threads. As a preventive measure, it retards corrosion of tools and tool room equipment.

USES: Spray No. 961 on locks and hinges - wherever there are moving parts which have become stationary due to corrosion. Frees nuts and bolts. Apply to dies that are wet with water or soluble cutting oil emulsions or to parts which have been washed with water. It will completely displace the water which drains off by gravity. The spray itself is non-conducting and it never dries.

SPECS:	Can Size: 20 Oz.
	Net Weight: 16 Oz.
	Shipping Weight: 16 lbs.
	Packaged: 12 cans per case
	UPC Number: 0 41911 00961 4

PHYSICAL CHARACTERISTICS:	Color: Amber to dark brown
	Fragrance: Pine/petroleum odor
	Spray Pattern: Pin point stream
	Shelf Life: 1 Year +

REGULATORY:	Ozone Depleting Compounds: None
	Recyclable Packaging: Yes
	VOC Compliant CARB/OTC: Yes
	CPSC Flame Extension: Required to be labeled as flammable per 16 CFR 1500.
	DOT Hazard Class: ORM-D
	Shipping Name: Consumer Commodity
24 HOUR MEDICAL EMERGENCY: 1-866-836-8855	

- PRODUCT FEATURES:**
- Stops and prevents corrosion
 - Loosens nuts and bolts
 - Displaces moisture
 - Non-conducting - lubricates - never dries
